FAST

Financial Allocation
Study for Texas 2012

Connecting the Dots:
School Spending and
Student Progress

District Listings

From Abbott to Zephyr, every school
district in Texas receives a Financial
Allocation Study for Texas (FAST) rating
ranging from one to five stars. See how
well your district fares in its relative
academic progress and spending.

FINANCIAL ALLOCATION STUDY FOR TEXAS

SCHOOL DISTRICT LISTINGS

These are the 2012 Financial Allocation Study for Texas (FAST) school district ratings. The Campus Listings and online FAST tool can be found at **www.FASTexas.org**.

The Comptroller's Financial Allocation Study for Texas

The Comptroller's Financial Allocation Study for Texas (FAST) examines both academic progress and spending at Texas' school districts and campuses. The following table profiles each Texas school district, with an assigned FAST rating of one to five stars indicating its success in combining cost-effective spending with the achievement of measurable student academic progress. Five stars reflects the strongest relative progress combined with the lowest relative spending.

FAST WEB REPORTING TOOL

To provide the public and policymakers with an easy and effective way to compare school district and campus academic achievement, expenditures and resource allocation, the Comptroller's office has developed a FAST website at **www.FASTexas.org** that allows visitors to run custom reports on school academic and spending information. Users can run reports, view extensive data sets and download the results.

The FAST web reporting tool allows users to review TEA ratings and statistics as well as the new FAST indicators. It will be updated annually, with all FAST data and results available free of charge. The website also includes a detailed description of the methodologies used in the FAST project.

READING KEY RESULTS TABLES

The FAST overview tables provide the following information about select school districts and charter school operators:

COUNTY —
county in which the district's administrative offices are located;

ENROLLMENT —
number of students enrolled in the school district;

3 ACCOUNTABILITY RATING —
TEA rating of academic performance;

4 MATH PROGRESS PERCENTILE —
percentile ranking of math progress;

5 READING PROGRESS PERCENTILE —
percentile ranking of reading progress;

FAST COMPONENTS —
elements used to determine FAST rating;

7 COMPOSITE PROGRESS PERCENTILE —
percentile ranking of combined math and reading progress;

8 SPENDING INDEX —
ranking of spending per pupil, adjusted for regional wage differences, relative to the district's fiscal peer group; and

9 FAST RATING — star rating combining academic progress and relative spending;
